

ALL WRAPPED UP for Christmas is this life-size Santa on the lawn of a home on East Fourth Street.

Pranksters apparently thought Santa should have wrappings for Christmas and decorated him with yellow tissue paper.

2-Car Wreck Kills Bryan Man, Daughter

Milam County counted its third and fourth traffic fatalities for the year Saturday afternoon when a Bryan man and his small daughter were killed in an accident at the "Y" -- intersection of Highways 77 and 190.

According to DPS Patrolman Leroy Broadus, who investigated the accident, Mohammed Han Adi Zadden, 29, of Bryan died shortly after 6 p.m. at Scott and White Memorial Hospital in Temple from injuries sustained in the accident.

His daughter, Dalanda Antonette Zadden, 3, was dead on arrival at a local hospital after the accident, Broadus said.

The accident occurred at 4:30 p.m. Saturday, Zadden was driving a compact pickup traveling east at the intersection. His vehicle was in collision with a car driven by Mrs. Jim Wyrick, 25, of Cameron, which was traveling south.

Mrs. Wyrick was in good condition Saturday night at Scott and White Hospital. Her husband and their daughter, Tracy, received minor injuries in the wreck.

Mrs. Zadden was listed in fair condition in a local hospital.

Grand Jury Indicts 12 Men

A Milam grand jury returned 13 indictments against 12 men, including one for murder, when it met Tuesday morning.

Indictments included:

Alvin Fielder, burglary, September 5

George Mead, burglary, September 5

Warren Casey Hill, burglary, September 5

Claude Lee Reese, burglary, December 7

Kenneth Wayne Woods, felony theft, August 25

Edward Byrd, felony theft, December 8

Wadie Lemmons, felony theft, December 8

Alvin Rosemond Jr., forgery and

passing, September 23

Alvin Rosemond Jr., forgery and passing, December 9

Calvin Henderson, murder with malice, November 10

Roy Seaton, aggravated assault, July 15

Albert Bolden Williams, armed robbery, November 30

Mike Favinger, felony theft, August 30

Members of the grand jury are:

Mrs. Wayne Jordan, J. H. Pritchard, Donie R. Heine, Arthur Clayton, D. C. Drummond, J. L. Banks, Frankie M. McDonald, Albert Timmerman Sr., Mrs. W. T. Scurlock Jr., Leonard Pelzel, Alfred Rogers, and Lee Roy Folschinsky.

Council Awards Bids On City Equipment

The city council opened bids on several items of equipment in a regular meeting Tuesday evening, awarding some bids and holding others for study.

Low bid for a front end loader went to Tom Faurey of Temple, who submitted a bid for \$15,722.82. Low bid on a new police car went to Hefley Stedman at \$3995.95. The old car will be offered to the highest bidder after police equipment is removed.

Hefley Stedman was also low bidder on a new pickup for the water department at \$3,181.76. The old pickup will also be sold to the highest bidder.

Bids on a new street sweeper will be studied by Streets Supt. Jim Hale, and councilmen Bob Clark and Lawrence Zott. There were six bidders on that item ranging from \$12,407 to \$28,950.

The council will call for bids on gasoline and diesel oil for the coming year. The city's present contract expires at the end of this

month. In other action, council authorized payment for a lot across from city hall and authorized the city street department to put curb and gutter along Houston Street from Second Street to the highway. This will be paved at a later date, and Second Street is also in the paving plan.

Fire Destroys Rogers Homes

A fire fanned by high, gusty winds left a Rogers family homeless Monday when it burned their frame home to the ground.

The blaze also gutted a new mobile home the family had recently moved next to their house and caused some damage to a neighbor's home.

No one was injured in the fire. Firemen said the fire broke out in the Raymond Alexander home shortly after noon, spread to the vacant mobile home and caused some fire, water and smoke damage to the Riley Mayes residence before it was contained.

Three fire trucks from Rogers and one from Temple fought the blaze.

News Briefs

Post Office Holidays

The Cameron Post Office will be open on both Dec. 24 and 31, but will close the window at noon. Full mail delivery on those two days is planned.

Holiday Garbage Pickup

People who usually get their garbage picked up on Monday are asked to have it ready for Saturday pickup. This will also apply to the New Year holiday.

DPS Hopes Traffic Count Goes Down

AUSTIN
Colonel Wilson E. Speir, director of the Texas Department of Public Safety, announced today that changing travel patterns brought on by the national energy shortage make it impossible for the DPS to validly estimate the number of traffic deaths which might occur in Texas over the upcoming holidays.

He said, however, it was hoped the traffic death count would fall below the 14.5 daily average observed during last year's Christmas period, and below the 18.5 daily average recorded for the last New Year holidays.

Speir said it is impossible to compare total deaths between this year and last because the current holiday periods are both 102 hours as compared to 78 hour periods twelve months before.

The DPS director said factors expected to affect auto travel include driving curtailments which might result from lower speeds, weekend service station closings, higher gasoline prices and the possibility of spot fuel shortages.

Reduced travel might normally result in some reduction in traffic deaths. BUT Speir warned that if a substantial number of drivers have reduced their speeds while a high percentage of others are still driving at high speeds, the number of deaths could be considerably higher because of accidents possibly resulting from more pronounced speed differences.

Patrol Reports

The Texas Highway Patrol investigated 23 accidents on highways in Milam County during November, according to Sgt. Fred Hurst, Highway Patrol supervisor of this area.

These 23 accidents resulted in no deaths and 11 injuries for the month of November.

The figures result in a total of 260 accidents with 2 deaths and 120 injured in Milam County during 1973.

He reminded motorists that Texas law requires drivers going less than the prevailing traffic speed to keep right on multi-lane highways.

Speir urged drivers to avoid drinking if driving, noting that alcohol traditionally has been a major factor in the holiday accident problem.

And he pointed out that the apparently growing trend toward motorists carrying spare containers of gasoline in their vehicles might boost the toll -- particularly if one of the containers should catch fire as the result of leaking fumes or spilled contents.

The Christmas period begins this year at 6 p.m. Friday, December 21, and ends at midnight Tuesday, December 25. New Year will start at 6 p.m. Friday, December 28, and terminate at midnight Tuesday, January 1, 1974.

During both periods, Speir said the DPS would place all available uniformed personnel on duty in a concerted effort to reduce accidents and save lives. He noted that patrolmen would be especially watchful for drinking and reckless drivers.

In addition to its enforcement activities, the DPS will be cooperating with local law enforcement agencies and the news media of Texas in a program called "Operation Motorcade." Information on fatal traffic collisions will be tabulated in Austin and released three times daily throughout the holidays in an effort to focus public attention on traffic safety.

Cameron Man Shot To Death At Jones Prairie

Milam County law enforcement officers are searching for a man who shot a Cameron man to death and pistol-whipped another in an incident about 8 p.m. Saturday following an attempted armed robbery near Jones Prairie.

Funeral for Jack Shuffield, 57, of Cameron, was held at 2 p.m. Tuesday at Marek-Burns-Laywell Funeral Home, Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

Shuffield was shot to death by the unknown assailant and Tommy Bass, local taxi owner, was beaten by the man who told him his car was stalled outside of town and he needed transportation. Shuffield decided to go along for the ride.

Sheriff Carl Black said the man shot Shuffield and pistol-whipped Bass on a farm road at Jones Prairie. The man then fled on foot and Bass drove Shuffield to the hospital. Bass was treated at the hospital and released.

Auxiliary Gives Hospital \$5,000

An article in The Cameron Herald featuring the St. Edward Hospital Auxiliary noted that the organization had passed the halfway mark in paying a pledge of \$10,000 to the St. Edward Hospital Development Fund.

Actually a check for \$5,000 from the Auxiliary to the Development Fund last week completed the original pledge.

Soviets Warn Citizens About High Fashions

By Richard Wallis

MOSCOW

Reuter -- Soviet citizens trying to brighten up their lives have received a stern warning in the press on the physical dangers of modern fashion.

Illustrating the risks of dressing up or even using certain cosmetics, the literary weekly Literaturnaya Gazeta mentioned the case of a woman suffocating to death after dyeing her hair -- due to asthma trouble -- and another in which a young girl was run over by a car wearing a maxi-skirt and platform heel shoes.

"For a long time the word fashion has been associated with another word -- festivity," the weekly said but warned that "Ours is a society of toilers."

"We must understand once and for all that what is acceptable for an

idler strolling along the boulevards of Paris all day or killing time in bars on the coast of Florida, is not always suitable for a working lad from the Uralmash (a Urals car-building factory) or a woman textile worker from Tryokhgora (a plant outside Moscow)," it added.

"Our fashion must not only be democratic but also realistic -- as close as possible to peoples living conditions," the article proclaimed, after stating that a significant part of Soviet citizens lives was spent in factories and offices.

The weekly carried a whole page devoted to instances of mishaps caused by the whims of fashion. It particularly criticized a young factory worker who suffered severe burns at work when his cigarette spark set his bright nylon shirt on fire.

It also hit out at a young mechanic who got his hair tangled in a mach-

ine, a young girl who developed varicose vein trouble from wearing platform heel shoes and a woman whose kidneys and liver were ruined as a consequence of using a certain face cream.

A doctor, T. Vailiev, wrote that allergies were only "protests by the organism against foreign substances which provoke allergies" and none of the specialists analyzing any of the accidents placed the least blame on the machines or the cosmetics.

The weekly praised novelist Ernest Hemingway and physicist Albert Einstein for always having worn their favorite clothes and not discarding them in favor of new fashions.

In a long commentary on the importance of fashion, Professor B. Parygin indicated the concern of Soviet planning authorities to satisfy the increasingly exacting demands of consumers -- particularly in light

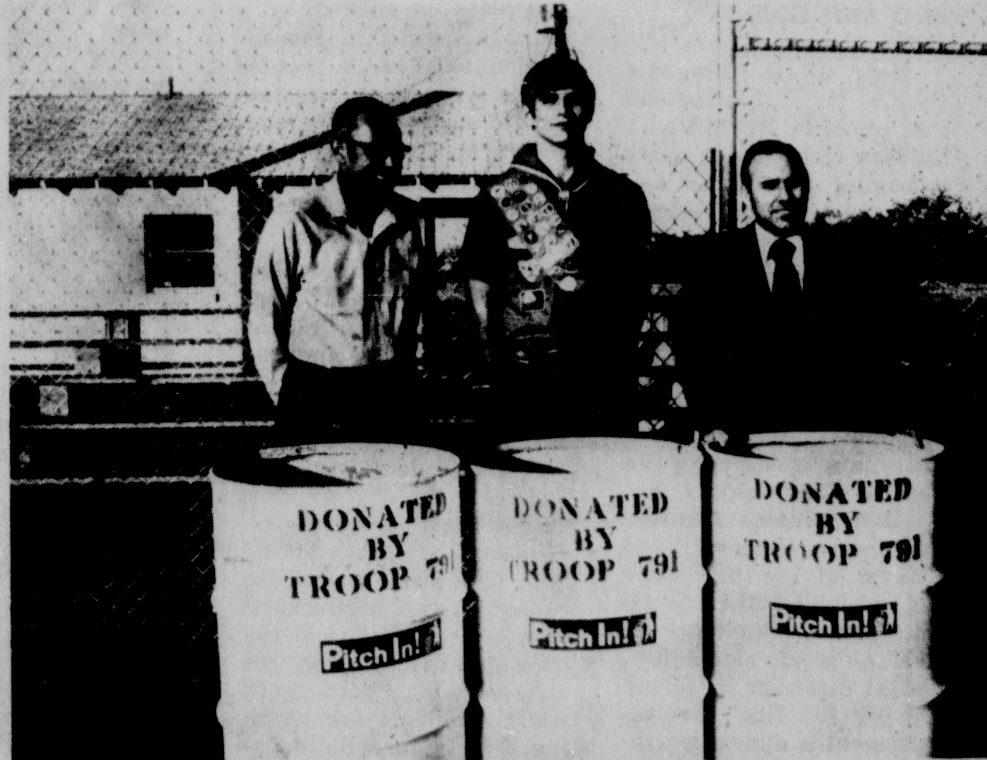

industry products such as clothes and footwear.

He warned that fashion was capable of freezing several million roubles worth of products and described this as "a deplorable fact" and indicated the only hope for a more rational attitude to fashion was through the public's education.

In a major review of Kremlin policy in November, high ranking politburo member Andrei Kirilenko pointed to the inadequacies in the Soviet consumer industry which, he emphasized, met neither the tastes nor the requirements of Soviet citizens.

Emphasizing their importance, the communist party central committee last August attacked the drabness of footwear and clothing.

Soviet shoppers tend to look to Eastern Europe, especially Poland, for supplies of attractive well-made clothes.

DONATES LITTER BARRELS - Brian Wilkinson, center, presents three litter barrels to Billy Hornung, left, representing the Little League at the league's new ball park. Shown with him is Ernest Moore, Scoutmaster of Boy Scout Troop 791. The barrels were the last requirement for Brian to attain Eagle Scout rank. He will be the second scout to attain the rank from Troop 791.

Only One Thing...

They're pumping bullets in to and burning innocent travelers again.

"They" are the Arab terrorists who killed about 35 people at early week in fire-bombing a Pan Am jet and shooting four on a Lufthansa plane.

"They" got what they were after: release of two Black September commandos captive since a similar attack on the Athens (Greece) Airport.

The Western World finally stopped jet hijacking by use of screening devices and armed guards.

It would seem impossible to deal with this "kamakazi"

type attack by trained, suicidal terrorists who pop up just about anywhere, but mostly at international airports.

But Interpol, the international police movement, combining with internal security forces in whatever country is interesting to this commando concept, could infiltrate and eliminate the training ground for these fanatic shock troops.

It is impossible as well to keep this kind of training secret too long before counter-operatives locate and destroy it at the source.

Terrorists understand only one thing, strength.

We Earthlubbers...

People in the Milam-Centex area through telescope or binocular can see Comet Kohutek about 4 to 4:30 a.m. these days roughly in the Southeast sky. (You don't suppose it's a Yankee plot?)

In early January it will be quite visible in the late evenings as its 100-thousand mile an hour trajectory toward earth enlarges it to us.

It won't be back in 19,000 years, experts say. The Eastern Seaboard, according to Reuters, is coining a number

of enterprises anticipating Kohutek's real visibility in January -- jetplanes, ocean liner, books, movies among many.

Scientists are anticipating this close look at cosmic nature in every conceivable way. Even Skylab will study this enormous chunk of icy debris. Fanatic religionists are beating the Kohutek "doom drum."

What we shall have is a once-in-19,000 year glimpse of nature as we earthlubbers cannot otherwise possibly conceive it.

"Low Down"
FROM THE
**Congressional
Record**
By JOE CRUMP

(A Column for Readers Who Haven't Time to
Review the Congressional Record Daily)

BAN THE HANDGUN? PRO AND CON

Rep. J. B. Bingham (N.Y.) "... I commend the remarks of Mayor Lindsay (New York) to my colleagues as further evidence that strict Federal gun controls are essential to make our communities safe places to live and work." (Excerpts from the Mayor's remarks follow):

"The only restrictions on buying handguns in 42 states is a provision in the Federal Gun Control Act of 1968 which requires that the purchaser fill out a form giving his name and declaring that he is not a minor, and has no history of alcoholism, mental disorder or felony conviction. But the requirement is almost worthless since it mandates no verification—such as fingerprints, and a police background check—to substantiate the purchaser's identity and his declarations.

"A recent gun running operation uncovered by a joint Federal-City investigation tells us in broader terms what this interstate traffic means. The defendants in this case are alleged to have brought 200 handguns in just one shipment from South Carolina to New York—and the New York Police Department has already seized 169 of them from persons arrested for attempted murder, assault and armed robbery. That very simply, is the case for Federal gun control."

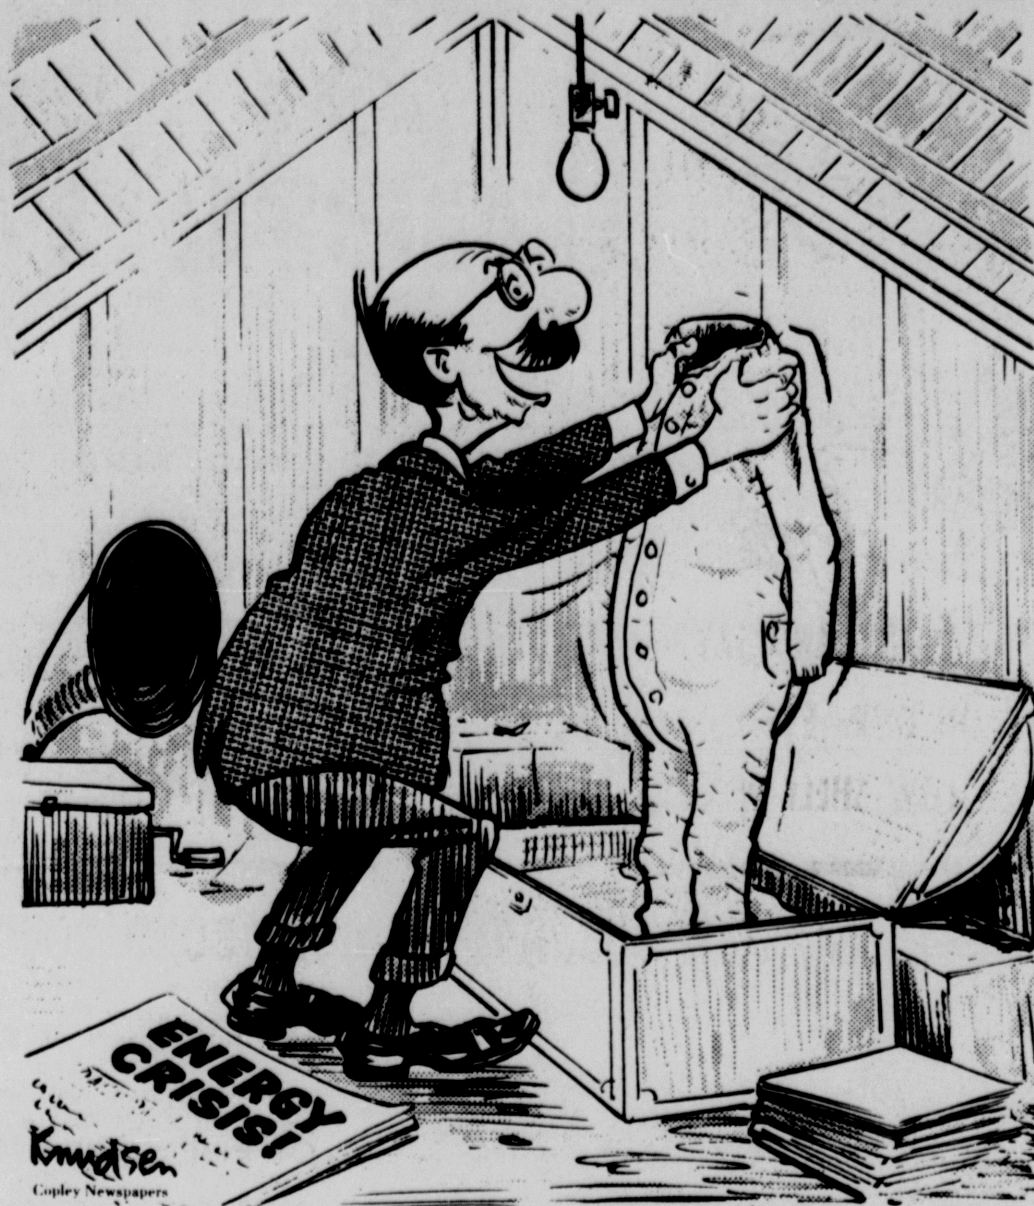

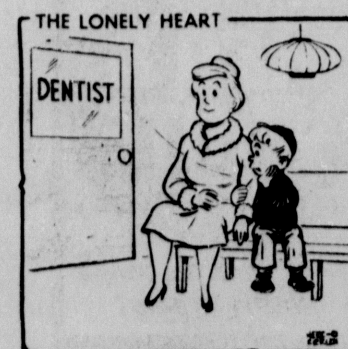

Rep. L. F. Sikes (Fla.) "... Gun owners who also believe in the enforcement of laws are appalled at the suggestions they be stripped of their guns while criminals are roaming the streets with weapons procured illegally or stolen or not surrendered under new gun control laws ...

"As long as criminals are petted and pampered by the courts crime will not

diminish no matter what is done about handgun laws ..."

CRUMP'S GRASS ROOTS COMMENT

Citizens are not likely to favor a Federal gun law that would include confiscation of all handguns as long as they observe individuals caught with illegal weapons being released by the courts with a suspended sentence or a small fine. Illegal possession of a handgun should call for a mandatory jail term.

Texans To Be Offered Options On Insurance

Texans will be offered a new option on health care insurance which proponents claim will lead to improved cost control and better health.

The State Board of Insurance last week announced guidelines for so-called Health Maintenance Organizations (HMO's) which provide for pre-paid care programs.

Costs run from \$45 to \$70 per month in other states.

Board Chairman Joe Christie said he feels proposed guidelines for HMO's answer objections raised by Texas Medical Association during the 1973 legislative session.

"My legal staff assures me we are on sound legal grounds," said Christie.

One of the major differences in HMO's and conventional hospitalization-medical insurance is that the new plan is designed to cover all bills, not just a standard portion of expenses.

Employee groups and others, functioning under the plan, would, in effect, contract with insurance companies, doctors and hospitals.

Lt. Gov. Bill Hobby predicted better cost control and better health for Texans as a result of the new plan. He said competing health care arrangements will strengthen the position of the individual consumer.

Four insurance companies have submitted applications to provide coverage for pre-paid health care plans.

At least one HMO is in beginning operation — at San Antonio, under Bexar County Medical Foundation direction.

CONVENTION PLANS MOVE — Planning committee heads for the 1974 Constitutional Convention have invited Texans to express their views at committee hearings starting January 16.

Rep. DeWitt Hale of Corpus Christi and Sen. Nelson Wolff of San Antonio said eight proposed convention processing committees will begin their hearings at that time under a suggested timetable.

Hearings may last four weeks or longer. Committees have been recommended in the subject areas of finance, education, local government, general provisions, executive, legislature, judiciary and rights, suffrage, amendments and separation of powers.

A poll of lawmaker-delegates to the convention, which opens here January 8, has indicated most of them want to get their work completed within 90 days. Whatever amendments or revision the legislature proposed while sitting as a convention will then be subject to approval or rejection by voters at a statewide election.

LEASE SALE SUCCESSFUL — University of Texas oil and gas land leases last week brought in \$11.1 million for 84,642 acres — more than twice expectations, and averaging more than \$131 an acre.

Land Commissioner Bob

Armstrong credited "the price of crude oil and natural gas, together with the increased demands for energy sources."

All leases contain a provision that UT can take its oil and gas "in-kind" rather than cash. It is hoped the state will make more money from selling the gas to communities hit by shortages, such as Austin and San Antonio.

The Permanent University Fund now stands at a record high of \$633,998,580.

Bringing highest bids were

two 320-acre tracts in Winkler County which accounted for bonus payments of \$650,000 each. Pecos County tracts were also leased to Texas Gulf Sulphur Company for bonus bids of \$1,152,222.

COURTS SPEAK — The Supreme Court set arguments in cases of two attorneys jailed for contempt of court in Bexar and Frio County incidents of refusing to produce real estate appraisal reports in condemnation proceedings.

OLD PHILOSOPHER

Dear editor:

Grown-ups, like children, can sometimes ask too much for Christmas. I asked a neighbor of mine what he wanted for Christmas and he said peace on Earth. I told him he had a good idea but the wrong planet. Peace on the moon, maybe, peace on Mars, peace on Jupiter, but on the Earth it just does not seem to be in stock.

Then I got to thinking. What would be a nice Christmas present for the world, something that's not out of reason?

I went down the list: plenty of oil (out of the question); harmony in the Mid-East (why should this year be any different from the last 2,000?); an end to human greed (who're you kidding?); lower taxes (taxes haven't been lowered since they were invented).

I could see I wasn't getting anywhere when it hit me. Sure, there's one present everybody could use and it's not unthinkably beyond reach. What it is, is a set of honest politicians.

Surely there must be in this country and all others men more interested in sticking to principles than staying in office, men who

don't wait to get a public opinion poll to find out what they think, who can face a question without first being briefed on what answer will offend the fewest.

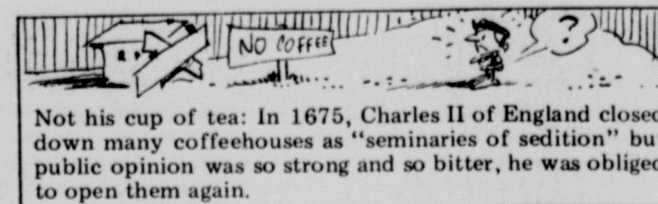

As it is, we've got too many men in office who got there by doing whatever it took to get there and intend to stay by the same means. What kind of leadership can you expect from a public official who, when asked just a simple question like "Do you think we need gasoline rationing?" answers "I would hope it wouldn't be necessary?"

It's been so long since I've heard a politician answer a question with "Yes" or "No" or "Blamed if I know" that I'm convinced such forthrightness would bring people to their feet cheering.

What this country needs for Christmas is a set of men, out there somewhere in the crowd, who will stand for office and, if elected, welcome defeat if it means abandoning principle.

I told you grown-ups are always asking too much for Christmas.

Yours faithfully,
J.A.

Not his cup of tea: In 1675, Charles II of England closed down many coffeehouses as "seminaries of sedition" but public opinion was so strong and so bitter, he was obliged to open them again.

TFU Calls For Fuel, Price Policy

LUBBOCK

Calls for definite action by the Nixon Administration to assure farmers a priority for fuel and for Congress to revise the Target prices and loan levels of the 1973 Farm Act highlighted the 70th Annual Texas Farmers Union held Friday and Saturday here. Over three hundred delegates attended.

Virtually all of the list of speakers, including Sen. Lloyd Bentsen, Texas Agriculture Commissioner John White, TFU President Jay Naman and Farmers Union National President Tony Dechant, dwelt at length on the fuel crisis and all blamed the Nixon administration for failure to act decisively to help the farmer get the fuel he needs.

Speaking Friday morning, Sen. Benson called the Administration's handling of the fuel crisis "a prime example of bureaucratic bungling." He chided the Administration for not giving agriculture a voice in setting up guidelines.

Some of the toughest rhetoric came from NFU Pres. Dechant who said, "The Administration which accepted thousands of dollars of illegal

contributions from major oil companies."

Keynoting the convention Saturday night Dechant called for Senate investigation "on the scale of the Watergate hearings" into the causes and solutions of the energy crisis.

Noting that the major oil companies reporting earnings increases of over 50% over a year ago, he said, "I'd bet my last gallon of gasoline that one of the recommendations of such hearings would be an excess profits tax."

Dechant said such hearings would be in the farmers interest because "if we can get our story told in an open public hearing, I am confident we'll get the fuel we'll need."

Naman, speaking Friday afternoon, said farmers are being forced to rely upon blackmarkets for diesel fuel. "The problem has stricken not only farmers in the field, but their cooperatives. If the gins, the compress, and the oil mill are interrupted in their operations, it could domino into a massive shutdown of the entire harvest."

Gary Westbrook

Joins Angus Group

Gary Westbrook of Milano has been granted a junior membership in the American Angus Association with St. Joseph, Missouri, announced Lloyd D. Miller, executive secretary.

This new junior membership entitles the member to register purebred Angus at regular membership rates and to the privileges of the Association until the age of 21. At that time junior members are eligible to convert to lifetime memberships in the Association.

COUNTY AGENT'S NOTES

Farmers Study Results Of Cotton Variety Tests

By Bill McCutchen

TAMCOT SP 37 cotton has been planted and viewed by Milam County farmers for three years even though it was only commercially available last year. The TAMCOT SP varieties developed by Dr. Luther Bird, Texas Agricultural Experiment Station scientist at Texas A&M University includes TAMCOT SP 37, SP 23. The TAMCOT SP 37 variety has been superior to the other two in tests in this area.

TAMCOT SP 37 has both enthusiasts and pessimists among Milam County cotton producers. All will agree that lint yields and staple length are generally superior to commonly grown stripper varieties, and that seedling vigor, early maturity, and early harvesting are in its favor but it has been justifiably criticized for low mike in some cases and some producers and gins have had pin trash problems with this variety.

Six result demonstrations conducted in cooperation with Milam county producers over the past two years have shown SP 37 to have poten-

tial in Milam County. In previous years these demonstrations were conducted on plot basis only but this year a demonstration on sizeable acreage was conducted comparing TAMCOT SP 37 with Lankart 571.

This demonstration was conducted on the Frank Kratochvil farm near Cameron and included 45 acres of SP 37 and 13 acres of Lankart 571 in the same field.

The TAMCOT SP 37 yielded 35 bales on 45 acres and averaged 383 # of lint and 599# of seed per acre. Lankart 571 yielded 8 bales on 13 acres and averaged 317 # of lint and 524 # of seed per acres.

Thirteen of the 35 bales of SP 37 were low mike while all of the Lankart 471 bales had a mike between 3.5 and 4.9.

All of the SP 37 bales but two were one inch or over in staple while the bulk of the Lankart 371 was 31/32.

Both varieties were harvested early in the fall and grades on both were excellent. SP 37 had 16 bales of 41's or st. low middling white; and 14 bales of 51's or low middling white. Lankart 571 had 3 bales of 41's or st. low middling white, and 4 bales of 32's or middling light spotted.

All of the cotton was contracted to the same firm on a quality basis with the price received per pound on the SP 37 averaging 29.65 cents per pound and the average price on the Lankart 571 was 29.54 cents per pound.

With lint and seed prices being the same for all practical purposes, the difference was lint and seed yield Using the contract prices

SP 37 had an advantage of \$19.92 an acre for lint and \$3.38 per acre on seed using \$90 per ton seed price for a total advantage of \$23.30 per acre in this demonstration.

There would be a greater difference if market rather than contract price was used. Considering mid-November Dallas cotton price per pound would have been 54.04 cents per pound for the SP 37 and 50.81 cents per pound for the Lankart 571. These prices would have given a \$49.28 added revenue per acre by planting the SP 37 considering equal production practices and costs.

The Lankart cotton was pushed a little harder to get it stripped early but any disadvantage here was offset on the other side as there was more dead cotton land on the acreage planted to SP 37.

In summary let me say that the Lankhart varieties are well established and consistent varieties and will not and should not be abandoned.

From the experience gained in working with quite a few farmers on TAMCOT SP 37, I would say that it does have a place on many farms in the county, not instead of your commonly grown varieties, but in addition to your standard variety.

A percentage of your cotton crop planted to this cold-tolerant, disease resistant, storm proof variety should give you added flexibility in your cotton program by allowing you to plant and harvest part of your acreage earlier on most years, spreading out your labor and ginning seasons.

Bernsen To Head

Cotton Delegation

Leon Bernsen, Corpus Christi cotton producer, will head a 36-man delegation from Texas to the National Cotton Council's annual meeting in St. Louis Jan. 28-29.

The group will join representatives from other cotton-producing states in setting guidelines for 1974 Council programs and policies.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

Fourteen Turn Down... All Livestock Prices Decrease... Cotton Is Up, Cottonseed Down... Production Costs to Increase.

While most people are aware that the stock market has taken a plunge, only a few realize that farm prices, too, have taken a downward turn. From Oct. 15 to Nov. 15, a total of 14 commodities have shown declines. Of those commodities which have advanced, only a couple have shown any real significant increases.

All categories of livestock have shown declines during the past month. Hogs are down 20 cents, beef cattle are down nearly \$3, calves are down almost \$10; sheep are down 40 cents, and lambs are \$1.30 off the past month quotations.

Beef cattle average \$39.10 in Texas as of November 15, down from the \$42 of October 15. Calves at \$49.40 are almost \$6 below parity. Sheep are \$4 under parity, and lambs are more than \$13 off parity.

Broilers are down four cents from a month ago. Turkey prices are a nickel a pound below the previous month. Egg prices are almost the same as a month ago. Wool and mohair prices are unchanged.

In crops, wheat is down eight cents per bushel to an average of \$4.15. Corn is up only a nickel a bushel while barley is off two cents. Grain sorghum is up only two cents per hundredweight to quote at \$1.83. Rice is up \$1.50. Hay is up \$2.50 per ton; alfalfa is up \$5.50 per ton.

Cotton at 48.5 cents per pound is up 11 cents from a month ago but cottonseed is down \$1. Cotton in spite of the increase is still more than 25 cents under parity.

So even though farm prices this year continue to run well above last year, production costs for 1974 are going to increase. Some economists estimate farm production costs could be as much as a fourth to a third higher in 1974. Thus, the old farm-cost price squeeze is expected to be showing up again next year.

The parity ratio as of November 15 is 89 per cent; that is two per cent under a month ago, but is 14 per cent above a year ago.

REMEMBER if you are one of 75,000 Texas agricultural producers who have received, or will receive, a crop and livestock questionnaire from the Texas Crop and Livestock Reporting Service, be sure to fill it out accurately and return it promptly.

None of the reports will be used individually, nor will any other government agency get access to the reports. The figures will be compiled into county, district and state totals.

Agriculture is Texas' largest industry, and the reports are needed to present a clear and accurate picture of agriculture.

DRYLOT sheep feeders with a lot capacity of 2,000 head or more had 91,000 sheep and lambs on feed as of December 1. This is two per cent below the number on feed a month ago, but 22 per cent below the number on feed a year ago.

Current intentions to market the 91,000 head are: December 38,000; January 33,000; February 16,000; and 4,000 to be marketed later.

Placements during November totaled 44,000 head with a total of 11 feeders reporting 1,000 or more head on feed December 1.

Marketings during November were 46,000 head, which was 13,000 above intended marketings reported earlier.

The January and February intentions to market are incomplete at this time because additional lambs could be placed on feed and marketed during this period.

Diesel, Gas To Be Sold To Farmers

AUSTIN

Oil refineries and wholesale fuel dealers throughout the state were notified December 11 by State and Federal officials that any available supplies of diesel and gasoline are required to be "sold and delivered as needed and ordered by Texas farmers and ranchers."

In a strongly worded official notice, Texas Railroad Commission Chairman Jim Langdon, Agriculture Commissioner John C. White, and Federal Petroleum Allocation Officer for Texas Murphy Hawkins called on the oil industry "to supply fuel without further hesitation to... priority users."

The notice referred to official orders published in the Federal Register on November 19 and remaining effective until January 16, 1974, providing for mandatory allocations to agriculture along with mass transit systems and oil and gas exploration.

The Federal order removes the stipulations for form completion or other conditions for sale and delivery of available diesel fuel during the period stated.

"From all indications from petroleum industry reports, the necessary fuels are on hand. However, local distributors are reluctant to release supplies because they are under the impression that they still must comply with regulations to complete government forms," Commissioner White said.

The notice also reminded refineries and distributors that "gasoline is subject to no present rationing or mandatory allocation program and should also be delivered as needed to agricultural producers... Sustained agricultural productivity is vital to the nation's well-being."

Cattle Short Course

Set At Texas A&M

The 1974 Beef Cattle Short Course will be among five major sections to be combined in the first Texas Animal Agriculture Conference, January 21-23 at Texas A&M University.

Some 2,000 participants are expected to register for sessions in the new J. Earl Rudder Conference Center, according to L. A. Maddox, general chairman.

Joint general sessions will be held, then participants will go to separate short courses in Beef Cattle, Dairy Production, Horses, Swine, and Pastures and Forages.

The Beef Cattle Short Course, with Dr. Dennis Herd as chairman, will use a multi-theme approach covering topics in animal breeding reproduction, nutrition and animal health.

Question:

Will you have enough natural gas for your home this winter?

Answer:

Yes!

Let's lay this question to rest once and for all. Lone Star Gas Company has enough natural gas reserves under contract to adequately supply our residential, commercial and other higher priority customers for many winters.

To be sure we have enough for these consumers, we will make some extensive curtailments of service to our large volume customers during extreme cold weather this winter. In fact, our contracts with large volume customers anticipate the need to curtail up to 100% of their needs during these cold periods. This allows us to assure service to residential, commercial and other higher priority customers.

We're taking major steps to make sure you have gas for the future. New gas we're buying costs more than four times the price we paid just a few years ago. This is an astonishing amount of money! But it's the price all of us must pay for a continuing supply of natural gas energy.

This winter, and in the future, natural gas from Lone Star will continue to be your best method of home heating, water heating and cooking... just as it has been for more than 40 years. But we all must remember to help conserve this precious energy fuel.

Holiday Parties Are Prelude To Christmas

Holiday parties and family gatherings are announcing the approach of Christmas. Parties in Cameron during the week have included:

ARTS-SERVICE LEAGUE

Candlelight and Christmas red carnations decorated the Jim Camp home Friday evening for the annual Arts and Service League Christmas party for League members and their husbands.

Miniature Christmas trees centered tables in the living room and family room for the 44 guests.

Following dinner League members and their husbands gathered around the Christmas tree for an exchange of gift "white elephants".

Hostesses for the party were Mrs. Bill McCutchen, Mrs. Bernay Dusek, Mrs. Bill Dase and Mrs. Camp.

CHOIR DINNER

Another holiday dinner, this time for 32 (members of the United Methodist Church Chancel Choir and their guests), honored the choir and their director Mrs. Tommy Corley Sunday evening at the Don Humbles. The party followed the choir's presentation of the cantata "Love Transcending."

A Christmas candle lighted the serving buffet in the dining room and Christmas ornaments centered tables in the breakfast room, dining room and den.

FLUER DE LIS

The Fleur de Lis Garden Club will share Christmas with students in the CISD special education classes Friday. This is an annual event with punch and Christmas cookies for the children and teachers.

Hostesses will be Mrs. Derwood Cobb and Mrs. D. R. Dodson.

BPW Club Has Dinner

Members of the Business and Professional Women's Club enjoyed a Christmas dinner and gift exchange with their husbands as special guests Monday night at the BPW Clubhouse.

Pyracantha berries centered the long banquet table and Christmas decorations were placed throughout the main room.

Personal Mention

Mr. and Mrs. Bernard Polzer and four children of Lybia are spending the Christmas holidays with his parents, Mr. and Mrs. Steve Polzer in Cameron and her parents in Schulenberg. They will return to Lybia in January.

Mrs. Lawrence Greenwood and son Bill of Jericho, Queensland, Australia, are visiting her family in Cameron for the holidays. Mrs. Greenwood is the former Rita Hanel, daughter of Mrs. Frank Hanel, Cameron. The Clarence Hannels will host a family reunion honoring the Greenwoods on Sunday.

Mr. and Mrs. Keith Raine and children have moved to their new home in Marlow. Holiday guests will be Mrs. Raine's family from Oregon.

Mrs. David Shynatzke of Sonora, Texas, visited her parents, the J. J. Heitmans, last week.

Mr. and Mrs. Barney J. Watkins, formerly of Rockdale, are new Cameron residents and will make their home at 1102 East 14-1/2 St.

BIRTHS

To Mr. and Mrs. Leland Lyles of Temple, a boy, Le-

land Edwin Jr., 5 pounds 2 ounces, born 6:53 p.m. December 14 at St. Edward Hospital. Grandparents are Mr. and Mrs. O. H. Eixman of Cameron and Mr. and Mrs. J. C. Lock of Temple.

To Mr. and Mrs. Larry Coker of Cameron, a girl, Lindy Renee, 7 pounds 6 ounces, born 4:25 a.m. December 13 at St. Edward Hospital. Grandparents are Mr. and Mrs. Huey J. Vidrine and Mr. and Mrs. Frank L. Coker both of Houston.

To Mr. and Mrs. Clifton Roach, a boy, Jimmie Lee, 6 pounds 11 ounces, born 10:28 a.m. December 14 at St. Edward Hospital. Grandparents are Mr. and Mrs. C. L. Roach of Iowa Park and Mr. and Mrs. Matt Williams of Cameron.

To Mr. and Mrs. Leroy Klement of Rogers a girl, Lisa Marie, 7 pounds 11 1/2 ounces, born December 14 at 12:15 p.m. at St. Edward Hospital. Grandparents are Mr. and Mrs. Frank Klement of Rogers and Mr. and Mrs. R. O. Partin of Buckholts.

Club Program Relates Yule Legends, Customs

Poinsettias and a Christmas tree decorated the home of Mrs. Alvin Dusek Tuesday afternoon for the December meeting of the Cameron Delphin Club.

Christmas was also the theme for the program which included Christmas carols, legends of Christmas flowers and Christmas customs.

Program leader was Miss Sue Butts. Mrs. Douglas Perrin discussed Christmas customs and Miss Katherine Sproul related legends of Christmas flowers.

Club Has Yule Party

Mrs. Joe Walzel was hostess for the Pleasure and Profit Club Christmas party Thursday afternoon at her home.

Mrs. Ron Holcombe presented the program, a reading of poems related to Christmas.

During the social hour members enjoyed strawberry pie, tea and coffee and their annual gift exchange. Mrs. Walzel, club president also presented each member with a gift.

Library Sets Holiday Dates

The Cameron Public Library will be closed for Christmas holidays December 21 through December 26, December 31 and January 1.

The Library will be open during regular library hours December 27, 28 and 29.

Vows Unite Lowrey - Crawford

In a candlelight ceremony Saturday, December 15, Miss Joyce Nell Lowrey became the bride of Dearl Kirk Crawford at the First Baptist Church of Rogers. The Rev. Shelby Jones officiated.

The bride is the daughter of Mr. and Mrs. J. C. Lowrey, Rogers. She is a 1972 graduate of Rogers High School where she was a cheerleader and pedsquad sweetheart. She is employed at Marys Beauty Shop, Rogers.

The bridegroom is the son of Mr. and Mrs. Wayne Crawford of Rogers and the grandson of Mr. and Mrs. F. J. Kirksey of Belfalls. A 1972 graduate of Rogers High School, he is employed by National Building Centers, Rogers.

Given in marriage by her father, the bride wore a formal Empire style gown of white maracaine trimmed with Venice lace. Her chapel length mantilla was edged with matching lace and she carried a bouquet of white carnations and baby's breath centered with a white orchid.

Attending the bride were Mrs. Floyd W. Shoemaker of Ft. Worth, sister of the groom, and Mrs. Gordon Kohutek of College Station. They wore formal red crepe gown trimmed in white lace and carried white carnation nosegays.

Donna Klement of Ft. Worth, niece of the groom, was flower girl and ring bearer was Stephen Maurice Lowrey, nephew of the bride, from Waxahachie.

Jim Crawford, brother of the groom and Larry Wolford, both of Rogers, served as groomsmen. Ushers and candlelighters were Naylon Lowrey, brother of the bride, and Randy Platt, both of Rogers.

Mr. Bob White of Austin was organist and Mrs. Larry Guess of Temple was soloist.

A reception was held in the church fellowship hall. Mrs. Eddie Clanton of Little River registered guests.

Others in the houseparty were Mrs. T. C. (Muggs) Whatley, Mrs. George Collier, Mrs. B. I. Allen, Mrs. George Richards, Mrs. Charley Joe Waits, Mrs. Vernon McKenzie, Mrs. Eugene McKenzie, Mrs. Milton Moore, Mrs. Charles Collier and Mrs. Jesse Harper.

Donna Klement, Rhonda McKenzie, Michael Klement and Stephen Lowrey presented rice bags to guests at the reception.

Following a wedding trip to Mexico, the couple will reside in Rogers.

The grooms parents were hosts for a rehearsal dinner at Bonanza in Temple. The honored couple exchanged gifts and presented gifts to their attendants.

MRS. DEARL KIRK CRAWFORD

Gifts From Your Kitchen A Welcome Yule Package

A gift from your kitchen can be the most welcome package under the tree, especially if it has just the right old fashioned flavor.

The Texas Department of Agriculture and TAP (Texas Agriculture Products program) suggest the following recipes for Christmas giving.

SANTA'S THUMBPRINT

1 cup shortening
1/2 cup granulated sugar
1/2 cup brown sugar, firmly packed
1 egg
1 tsp. vanilla
1/2 tsp. almond extract

2 cups flour
1/2 tsp. soda
1/2 tsp. salt
1 1/2 cups uncooked oats (quick or old-fashioned)
1 6-oz. pkg. semi-sweet chocolate pieces

Beat shortening, gradually adding brown and white sugar. Beat until fluffy. Add egg, vanilla and almond extract. Sift together flour, soda, salt and stir into creamed mixture. Blend in oats. Shape dough into small balls and place on ungreased cookie sheets. Make a hollow in each ball. Bake in preheated 375-degree oven for 10-12 minutes. Melt

chocolate in top of double boiler. Spoon melted chocolate into center of each cookie. Chill until chocolate is firm. Makes 4 dozen cookies.

OLD-FASHIONED SUGAR COOKIES

1/2 cup butter
1 cup shortening
1 cup powdered sugar
1 egg
2 1/4 cups flour

1/2 tsp. soda
1/2 tsp. cream of tartar
1 Tbsp. milk
Colored sugar

Mix first eight ingredients. Roll into small balls and place on a cookie sheet. Press down with a glass dipped in colored sugar. Sprinkle additional colored sugar on top. Bake at 350 degrees for 12 minutes.

PECAN GOODIES

1/2 cup brown sugar
1/2 cup granulated sugar
1 cup Rice Krispies

1 cup chopped pecans
Pinch salt
1 egg white (large egg)

Preheat oven to 350 degrees. Mix brown and white sugar, Rice Krispies, pecans and salt. Beat egg white until stiff and shiny and fold into mixture. Drop by teaspoonsful on buttered cookie sheet. Bake until lightly browned, about 13 minutes. Let stand 2 minutes and remove from pan.

HOLIDAY PECAN ROLL

2 cups granulated sugar
1 cup brown sugar
1/8 tsp. salt
1 cup light cream

1/2 cup corn syrup
2 Tbsp. butter
Powdered sugar
Texas pecans, chopped

Cook white and brown sugar, salt, cream and corn syrup until mixture forms a soft ball when dropped in cold water. Remove from fire. Add butter. Cool. Beat until creamy. Turn out on pastry board dusted with powdered sugar. Knead until firm. Shape into roll. Roll in chopped pecans. Press nuts firmly into candy. Keep in cool places until firm enough to slice.

For additional recipes write John C. White, Commissioner, Texas Department of Agriculture, P. O. Box 12847, Austin, Texas 78711.

SWEETS FROM SANTA - Candy and cookies are among the special delights of the holiday season, and now is the time to prepare them, says Agriculture Commissioner John C. White. The recipes pictured here make wonderful treats for children, delicious party snacks or gift packages with just the right old-fashioned touch.

Jones Prairie
By Mrs. Bill Thweatt

Mrs. Willie Phipps visited Mr. and Mrs. Art Poch of New Braunsville from Thursday till Saturday. Mrs. Hope Jamison entertained the 42 Club Wednesday, all enjoyed playing 42. Then a turkey dinner with all the trimmings was served buffet style. Gifts were exchanged from a beautiful Christmas tree. More 42 followed. Everyone enjoyed the fun and fellowship. Christmas Tree Is Fire Hazard

"The Christmas tree is such a central part of most families' holiday celebrations that it would be unfair to suggest that people avoid buying them," noted a fire-prevention expert at Aetna Life & Casualty, one of the nation's largest home insurers.

"On the other hand, people can't be told too often that careless treatment of their Christmas decorations can mean a holiday season that ends in tragedy."

Aetna has provided a list of suggestions for a safer holiday season:

"Don't depend on flame retardants to make your tree non-combustible. Controversy exists over whether many fire-retardant chemical treatments are of any use at all. Some may, in fact, accelerate the drying process.

"If your tree has been professionally 'flameproofed,' test it. Break off a small dry branch and take it to a safe, outdoor location. Place a branch in a vertical position and hold a lighted match so that the flame makes contact with the needles on the lower end of the branch. If the branch ignites beyond the contact area, your tree is not flame proof.

"Keep the tree fresh. 'Flameproofed' or not, all natural trees should be kept as moist as possible. Buy a fresh tree and keep it outdoors until it is needed. Don't purchase a tree with brittle or shedding needles. Better still, cut your own tree -- just before you're going to put it up in the

Mobile Homes Are Building Up Market

Barron's, a leading national business and financial weekly, recently labeled mobile homes, "The likeliest form of middle-income shelter."

"Mass-production techniques keep construction costs of factory built dwellings barely half those of conventional ones. Over-expansion squeeze on margins seem temporary. Replacement market, estimated at 100,000 homes per year, is building up."

"This analysis of the mobile home market came as the industry nears its third consecutive record setting year. At the end of September, mobile home shipments from manufacturers to retailers were eight per cent over corresponding cumulative figures for 1972," said H. C. Kelly, chairman of the board for the Texas Mobile Home Association, an Austin based trade organization.

As labor and material costs continue to skyrocket the probability of site-built homes resolving the housing crisis becomes less.

"High mortgage rates, spiraling costs and shortages of skilled labor, convention-put to meet the national goals set by the Housing and Urban Dev. Act of 1968. The Bill calls for 26 million new or rehabilitated dwelling units in the U. S. by 1978," the financial weekly continued.

Accordingly, mass - production techniques seem to offer the most promising and practical solution to the problem of assuring and adequate domestic housing stock.

house.

"As soon as you get the tree home, cut off the end of the trunk diagonally at least one inch above the original cut. Stand the tree in a container of water and keep it in a cool place. Sprinkle the branches frequently until you bring the tree indoors.

"In the house, keep the tree in water at all times and remove it from the house before the needles dry out. Your tree should not be kept around after New Year's under any conditions.

"Keep flame and heat away. Most people know better than to place their tree before an operating fireplace. But also be sure that radiators, heating stoves, radios and television sets are well away.

Numeric System For Library

A stack of 28 sheets of 4 by 6 inch microfiche listing more than three quarters of a million numbers is now giving librarians at twenty Texas libraries much-needed information about books in the other nineteen libraries.

Called the Texas Numeric Register, this sequential list of Library of Congress card numbers tells librarians who owns what book. Not only does this information expedite interlibrary loan, but in the future it will also help librarians select materials that expand the total resources of Texas libraries.

The library of Congress catalog card number is an eight-digit number that is assigned neither before publication or when a book is cataloged by the Library of Congress. These numbers have been assigned for many years but have taken on increased importance in recent years as librarians have used various forms of automation in the cataloging process.

Like an individual's Social Security number, a book's LC number is unique. Like his telephone number, it can be easily looked up in directories.

Texas librarians have long needed more information about the holdings of other libraries. Using the basic concept and adapting computer programs from the Louisiana Numeric Register, the Texas State Library took steps to make this information available. The Louisiana register, now two years old, was developed by William McGrath and Don Simon of the University of Southwestern Louisiana.

Baptists Give Million For State Missions

DALLAS

For the first time in history, Texas Baptists have raised more than \$1 million through the Mary Hill Davis State Missions Offering.

Eula Mae Henderson, executive secretary of the Woman's Missionary Union, announced Friday the offering -- named for a pioneer missionary woman -- goes toward furthering the Christian witness in Texas.

The expenditures go toward college scholarships for Latin American Spanish-speaking students, work-along the Rio Grande River, resort area ministries, and special projects, such as ministering to street people of Dallas and Houston, and aiding in other areas, according to Dr. Charles McLaughlin, secretary of the State Missions Commission.

Last year, Baptist General Convention of Texas churches gave \$903,730.

Commenting on the goal, Dr. T. A. Patterson, executive secretary of the BGCT, said: "Though \$1 million may not seem large in a state the size of Texas, when it's backed up by thousands of volunteer workers from all walks of life, it reaches infinitely far."

A puppy for Christmas. A warm little creature that looks up at you with appealing big brown eyes as he teeters on his wobbly legs. That's something few people can resist.

Before Christmas day is over, though, you may have had a qualm or two about this little fellow--when he starts teething on one of Dad's new Christmas slippers or on the living room rug.

Bringing up a puppy is not all pleasure. It is mixed with responsibility--and that's the way it is with most things in life. Pleasure, responsibility, work, play--it all goes to make up a kind of balance.

Going to church is like that. For home and church make up the most important balance in your life, each vital to the other. If you've been neglecting the church side of the scale, then you have been short-changing yourself. Why not make up for it next Sunday?

Yoemen Defeat Cougars

The Cameron Yoemen, trailing Rosebud-Lott by a 29-28 score rallied late in the fourth quarter with six straight points to take a 37-33 victory Tuesday night. The Yoe victory leaves the Yoemen with a 15-4 season record and the Cougars have an even 5-5.

David Hollas led the Yoemen in scoring with 10 points and Kevin Scott tossed in 20 to lead the Cougars. Also scoring in the winning effort for Cameron were: Troy Daniels 7, Ronnie Bennett 6, Jafus White 6, John Barron 4, Gary Hornung 2, and David Thomas 2.

In the J.V. game the Yoemen captured a 61-55 victory. Obra Henry was the high point man for Cameron with 20 points and Roger Knox led the Cougars with 21.

Head Basketball Coach Max Graham reported that all district games will start at 6:30 p.m. and freshmen will play at 4 p.m. followed by the J.V. at 5 p.m. The change is due to the energy crisis.

New Field House

I guess everyone has noticed the construction under way South of the athletic field. If you haven't you can't call yourself observant, because it was started around October 29. However, progress has been slow because of the lack of steel, and the field house which was hoped to have been completed at the end of this year will most likely be finished next Fall. But when you've waited as long as the people of Cameron have for such a project, a few more months almost seem like minutes.

A Real Benefit

Yoe High Athletic Director, Ed Cauley, said that, "It will be a tremendous improvement. It is a facility which the program has needed for a long time." When asked about the benefits that the new field house would create, Cauley had a lot to say. "It will improve the players attitudes, help overall organization, things will be less crowded, it will help on the care of equipment, it will be a lot healthier, and the new field house will be a tremendous boost to the athletic program and to the whole community." It seems like a lot for one building to do, but actually all of these things and possibly more will be happening.

Look At The Old Facilities

Last year in October a bond issue which called for the construction of a new field house and gymnasium along with the construction of several other school facilities was defeated. However, now the School Board is financing the field house, and hopes are still high for the construction of a 12,250 sq. foot gymnasium in about four years. The new field house is being constructed so that the gymnasium can be built on to it as soon as building procedure begins.

To give you a look at what the old facilities are like here are a few things that could call for some improvement. The dressing rooms are way to small, the coaches Offices are also small, there is no one room for the storage of equipment and it is kept in many different places, dressing rooms are poorly heated, and visiting teams must use the girls dressing rooms which are in worse shape than the

boys.

Changes Are Being Made

The new field house will face Yoe field and will consist of 7,400 square feet. Coaching offices will be almost twice as large as they presently are, and will have their own private showers. There will be more room for the athletes dressing areas along with a separate storage place for equipment. The J. V. and Freshmen will use 60 lockers each, and the Varsity will accommodate 40 lockers. The new field house might contain a Universal Gym Set which is now under proposal in the Booster Club. The field house will also have a classroom for Physical Education and for the showing of game films.

Sense of Pride

When talking with Ed Cauley, he mentioned the word pride many times. Why? Because Cauley believes that the new facility will help to create a sense of pride. Perhaps, he is right.

Maybe its the kind of pride you feel when you get the new car you've always wanted or the kind of columnist L. M. Boyd speaks of when he says that its a proven fact that when a persons car is clean he will be a more careful driver, or better yet, maybe its like wearing old clothes all of your life and then suddenly getting new ones. But regardless of what kind of pride it is, there is sure to be a great degree of it in such a building.

Badgers Lose

The Salado Eagles captured a 34-29 victory over the Buckholts Badgers Tuesday night. Carl Tomascik led the Badgers in scoring with 10 points and Danny Grimm scored 14 to lead the Eagles to victory.

The girls game was won by Buckholts in a close 40-39 game.

Eagles Win

The Milano Eagles got off to a good start in District action Tuesday night as they slipped past Academy by a 48-47 score.

William Bruce led Milanc with 14 points and James Kattner scored 22 to pace Academy.

In the girls game Academy came out on top with a 56-39 score.

Yoemen Win 2 In Tournament

Coach Max Graham's Cameron Yoemen fell two seconds short of a third place standing in the A&M Consolidated Basketball tournament which was held over the week end. The Yoemen were leading by 1 point with only 9 seconds left in the game, but Bastrop came up with the winning basket in the last 2 seconds of play. The 2 pointer left the Yoemen with a 57-56 loss, and a season record of 12-4.

However, the Yoemen did chalk up 2 victories in the tournament to get to the third place game. The first was a close 37-36 battle against Mexia, and the second was a 49-47 win over Snook. Cameron lost the third game they played to A&M Consolidated by a 43-36 score. Because of excellent play in these games, Yoe Forward Jafus White was selected to the All Tournament team. White displayed an outstanding defensive effort and scored a four game total of 43 points.

High point men for the Yoemen during the games were: Jafus White 16 (Snook game), Ronnie Bennett 16 (Bastrop game), Jafus White 18 (A&M Consolidated game), and David Thomas 6, John Barron 6, Harry Brooks 6, Troy Daniels 6, Ronnie Bennett 6 (Mexia game).

During the Mexia game Troy Daniels stole a pass and carried it in for 2 points in the closing seconds of play to give Cameron a 1 point lead. David Thomas then added 2 free throws to assure the Yoemen of a victory.

This tournament was the last of the year, and now the Yoemen have only 3 ball games before district play begins. They play Rosebud on Dec. 18 in Rosebud, Hearne in Hearne on Dec. 21, and Hearne in Cameron on Dec. 28. The first District

game will be in Cameron on Jan. 4 against Lampasas.

JAFUS WHITE ALL TOURNAMENT A&M CONSOLIDATED TOURNEY

Yoe 7th Defeat Hearne Eagles ,21-6

The Cameron 7th grade Yoe-Yoes whipped the Hearne 7th grade by a 21-6 score. Monday night in Hearne. The victory now leaves the 7th grade with a 5-4 season record.

The Yoe-Yoes shot 33% from the floor, and 15% from the foul line. Speaking of the

game, Coach Bob Nance said, "Overall we played a very good defensive game and a fair offensive game."

The leading scorer for the Yoe-Yoes was Stephen Hollas with 10 points, Ronnie Cobb scored 6, Norman White 3, and Edward Johnson 2.

TROPHIES AWARDED: 7th Grade Coach, Bob Nance (left), and 8th Grade coach, Roger Williams, (right) display their teams trophies which they won in the Cameron Basketball Tournament. See story for details.

Yoe-Yoes Win Second Place In Tournament

The Cameron Yoe-Yoes held the Cameron basketball tournament last week end and both the 7th and 8th captured 2nd place honors. In the 7th grade division 1st place went to Rockdale, 2nd place to Cameron, 3rd to Belton, and consolation honors went to Rosebud-Lott. In the 8th grade division 1st place went to Marlin, 2nd Cameron, 3rd, Rockdale, and consolation went to Rosebud-Lott.

In gaining the 2nd place honors, the 8th grade Yoe-Yoes defeated Rosebud-Lott, 34-23, Belton 38-28, and lost to Marlin twice by scores of 43-36 and 59-29. During the Belton game Mike Knight scored 20 points, and Burton and Spells played well offensively.

The 7th grade Yoe-Yoes won their 2nd place honors by defeating Rosebud-Lott by a 24-9 score, Belton 17-12, but lost to Rockdale, 32-16, in the finals.

During the game against Rosebud-Lott Ronnie Cobb led the Yoe-Yoes in scoring with 12 points, Norman White scored 4 Dwight Wesley 4, Delaurence Wison 2, and Edward Steamer 2. In the

Belton game, Cobb again led in scoring with 10 points, Johnson had 4, and White tossed in 3. The 7th graders have shown great improvement since the first of the year, and is seen in this victory over Belton because Belton beat Cameron by 9 points in early season action. The Yoe-Yoes were downed by Belton, 7-2, at halftime, but came back with an outstanding 2nd half to take the 17-12 victory.

In the game against Rockdale for the 1st place honors, Cobb again led the Yoe scoring with 8 points, Hollas scored 6, and Johnson 2. Coach Bob Nance said, "Our game against Rockdale was not well played, and should have

been much closer. We had many turnovers and 4 bad passes." Nance also added, "the boys played real well on defense throughout the Tournament, and we played well offensively in the first two games, but did poorly in the finals."

The Yoe-Yoes will meet Hearne in Cameron Dec. 17, and will play Rosebud-Lott in Cameron on Dec. 20.

Cobb Makes All Tournament

In the 7th grade division, Ronnie Cobb was selected to the All Tournament Team. Cobb scored a 3 game total of 30 points, and led the Yoe-Yoes in scoring in all three games.

We want you to know...

Nationwide, there is concern about the energy crisis.

In many sections of the country, people are experiencing, firsthand, the effects of shortages of energy-producing fuels: gasoline, oil and natural gas.

Texas Power & Light Company produces electric energy with generating plants which use natural gas or coal as fuel, with some oil-burning capability.

TP&L has the generating plants, the transmission and distribution lines and all the other facilities necessary to produce and supply all the electric energy its customers need. And, just as we have done for more than 60 years, we're building the facilities necessary to meet anticipated future needs.

But, we must have the fuels to produce the electric energy.

As TP&L customers use more electric energy, TP&L generating plants must use more fuel to produce the energy. Thus, wasteful use of electric energy automatically means wasteful use of one or more of the basic sources of energy.

Conserve electricity and you help conserve fuel. Conserve fuel and you help assure that there will be enough to produce electricity for essential needs.

Here are some of the ways you can conserve electricity in your home... and, at the same time, reduce your electric bill:

HEATING

1. Have a qualified serviceman check your electric heating system annually.
2. If you have a forced-air heating system, replace or clean filters frequently.
3. Set thermostat at 68 degrees and leave at this setting. If you will be away for a day, a weekend or longer, set thermostat at 55-60 degrees.
4. Keep furniture and draperies clear of air outlets and returns.
5. Open outside doors as little as possible. Keep doors and windows properly weather-stripped.
6. If you have a fireplace, keep damper closed when not in use.

KITCHEN & LAUNDRY

1. Defrost refrigerator regularly and replace worn door gaskets.
2. Don't overload refrigerator.
3. When cooking on range, use flat-bottomed utensils which fit surface units. Cover utensils when possible.
4. Allow frozen meats to thaw before cooking. Cook meats and vegetables together, or in separate utensils at the same time in oven.
5. Operate dishwasher, clothes washer and dryer only when fully loaded.
6. Conserve hot water by washing clothes in cold water with cold-water detergents.

OTHER

1. Turn off any inside or outside lighting not actually needed.
2. Turn off television, radio, iron, etc. when you leave them.

TEXAS POWER & LIGHT'S HELPING, TOO

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting.

TEXAS POWER & LIGHT COMPANY
A tax-paying, investor-owned electric utility

Live Christmas Tree Becomes Symbol Of Beauty

The live green tree is a symbol of the beauty and joy of Christmas. But a dry tree is a fire hazard that can endanger the holiday season.

Most commercial Christmas trees must be cut well in advance of use. However, prolonged storage in itself may not constitute a hazard. Trees dry much more slowly in outdoor unheated storage than in the dry, warm air in your home, points out Wayne Keese, agricultural engineer for the Texas Agricultural Extension Service. "A Christmas tree, installed reasonably fresh, with its base immersed in water will remain safe from ignition from a point source, such as a match, for at least three weeks," says Keese. "On the other hand, trees with prior outdoor storage may become flammable to matches within three to eight days if brought indoors and left dry."

The Texas A&M University System specialist offers some pointers to help assure a fire-safe Christmas in your home:

1. Buy your tree early so

that you can be selective and purchase a reasonably fresh one. Check the tree for signs of needle shedding and brittleness which are signs that the tree has become too dry.

2. Store the tree outdoors, in the shade, with the base immersed in water. When the tree is brought indoors, saw off the base with a diagonal cut at least one inch above the original cut. Put the tree in a stand with the base of the tree in water.
3. Locate the tree away from sources of heat, such as a fireplace or heating unit, and where it won't block exits.
4. Check the water level daily. The tree may use as much as a pint of water each day.
5. Keep your lighting system in good condition. Inspect lighting strings and discard those with frayed or cracked insulation, broken sockets and loose connections. Buy replacements carrying the Underwriters' Laboratories, Inc. (UL) label.
6. Use flame-retardant or non-combustible decorating

materials, such as glass, metal or asbestos. Remove combustible Christmas wrappings as soon as possible and place them in covered trash cans.

7. Do not string lights on a metal tree. To avoid possible electric shock, use only indirect lighting. If the tree has a built-in lighting system, it should carry the UL label.
8. Do not use lighted candles on a tree or near natural evergreens and polystyrene foam decorations.

"Home fires increase in December and many result from carelessness with Christmas trees and decorations," points out Keese. "A few simple precautions to help make your home fire-safe are especially important at a time when your home contains more than the usual number of fire hazards."

Patman To Speak At Luncheon

Senator Bill Patman will be featured speaker at the annual Central Texas Council of Governments membership luncheon meeting December 20, at 11:00 a.m. at the Holiday Inn in Killean.

Following lunch, Charles Cass, Executive Director of the CTCOG, will present the work program for 1974. Executive Committee members and officers will be elected at the business session.

Williamson

Evvy Williamson, 84, of Rosebud died Sunday in a Rosebud hospital after a long illness.

Funeral was at 2 p.m. Tuesday at Hoelscher Funeral Home, the Rev. Kerry Groce officiating. Burial was in Clover Hill Cemetery in Lott.

Miss Williamson was born in Lott and lived there until she moved to Rosebud 12 years ago. She was a member of the First Presbyterian Church of Lott.

Surviving are two brothers D. T. Williamson of Texarkana, Arkansas and Jack B. Williamson of San Antonio six sisters, Mrs. Myrtle Pevey of San Diego, Calif., Mrs. E. L. Huffines of Waco, Mrs. A. N. Brod of San Antonio, Mrs. Frank Lawless and Mrs. Mark Weather both of Victoria and Mrs. Alois Pelzel of Rosebud.

Diesel Fuel Problem Better For Farmers

Rep. Dan Kubiak reported this week that there seems to be better cooperation from the Railroad Commission, Interior Department and oil companies on using a common sense approach in distributing diesel fuel to farmers.

He said that if anyone is still having trouble getting farm fuel, he should put his request in writing to his dealer. If this doesn't work, send a copy of the letter, a note about details of efforts and a Form PAP 17 to the regional office of the Interior Department.

Obituaries

MRS. S. E. BROGDON

Brogdon

Mrs. S. E. Brogdon, 84, died in a local nursing home early Saturday morning. Funeral was at 2 p.m. Sunday at the First Baptist Church, Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

Surviving are one son, James R. Brogdon of Albuquerque; one daughter Mrs. Martha Glover of Austin; two sisters, Miss Beulah Johnson and Mrs. Ruth Durham, both of Fort Worth; and four grandchildren.

Pallbearers were John H. Jinks, Alvin Dusek, Edward Schiller, John Davis, Ted Kuehl and Dr. H. Eldon Sutton.

Marek - Burns - Laywell was in charge.

Lott died Sunday in a Rosebud hospital after a long illness.

Funeral was at 2 p.m. Monday at Green Funeral Home in Rosebud, the Rev. A. A. Bratcher officiating. Burial was in the Riesel Cemetery in Riesel near Marlin.

Mrs. Wright had lived most of her life in McLennan and Falls counties. She was born in the Durango community near Eddy.

She was a member of the National Retired Teachers Association, the Lott Chapter 594 of the Order of the Eastern Star, the Rebecca Lodge of Waco and the Grace Temple Baptist Church in Waco. She received her degree from North Texas State University in Denton and also attended Baylor University.

She is survived by a number of nieces and nephews.

Hertenberger

Rudolph Hertenberger, 88, of Cameron, died Saturday in a local hospital after a short illness.

Funeral was at 11 a.m. Monday at St. Monica's Catholic Church, the Rev. John Geiser and the Rev. William Benesh officiating. Burial was in the church cemetery.

Rosary was recited at 8:30 p.m. Sunday at the Marek-Burns-Laywell Funeral Home.

A native of Milam County, Mr. Hertenberger was a retired farmer.

Surviving are his wife, Mrs. Caroline Hertenberger of Cameron; four sons, Raymond R. Hertenberger, John B. Hertenberger, Lawrence J. Hertenberger all of Texas City and Clarence J. Hertenberger of Richmond; five daughters, Mrs. S. J. Wohleb, Mrs. Joe Humplik, Mrs. Theo Mikulec all of Cameron; Mrs. Jack Bergeron of Sealy, Mrs. John Vybral of Temple; 31 grandchildren and 43 great grandchildren.

McDermott

Mrs. Erskin McDermott, 71, of Route 3 Cameron, died Thursday in a Rosebud hospital after a long illness.

Funeral was at 11 a.m. Saturday at Marek-Burns-Laywell Funeral Home, the Rev. Adrian Coleman and the Rev. Ernest Helsley officiating. Burial was in the Marlow Cemetery.

Mrs. McDermott was born

at Greenville and lived in Milam County most of her life.

Surviving are her husband; two sons, Charles E. and G. B. McDermott both of Cameron; a daughter, Miss Elizabeth McDermott of Universal City; two brothers, Robert J. Griffin and Albert F. Griffin, both of Cameron; two sisters, Mrs. Drucilla K. Burnett of Cameron and Mrs. Myrtle Burnett of Fort Worth; five grandchildren and one great grandchild.

Tyler

Mrs. Opan Mable Tyler, 70 of Rogers, died Friday morning at her home after a long illness.

Funeral was at 2 p.m. Saturday at Gommert Funeral Home, the Rev. Louis Sirney officiating. Burial was in Rogers Cemetery.

Mrs. Tyler was born in Milam County. She was married to William Newt Tyler, who died in 1954.

Surviving are two daughters, Mrs. John T. Carpenter of Rogers and Mrs. R. O. Parton of Buckholts two sisters, Mrs. R. T. Roland of Dallas and Mrs. Frank V. Hash of Rogers; a brother, C. S. Cobb of Rogers; four grandchildren and five great grandchildren.

Pallbearers were Chandlers Sisco, Bill D. LaGrone, John W. LaGrone, Nolan Don Cobb, Roger Black, Kirby Ford and Odell Connell.

Richter

Mrs. Frank Richter, 78, died in a local hospital Tuesday at 1:30 p.m. She was born July 4, 1895 in Germany and made her home in Cameron for the past 65 years.

Funeral service will be held Thursday at 10 a.m. in St. Monica's Catholic Church, Rev. John Geiser and Rev. William Benesh officiating. Burial will be in the church cemetery.

Rosary was recited at Marek-Burns-Laywell Funeral Home Wednesday at 7 p.m.

Surviving are one son, Frank Richter Sr. of Cameron; two daughters, Mrs. Edna Matula of Cameron and Mrs. Dorothy McLaughlin of Houston; one brother, Walter Adamek of Houston and one sister, Mrs. Hattie Maberly of Killeen; four grandchildren and two great grandchildren.

Obituaries

Hagerty

Mrs. Henrietta Hagerty, 88, of Burlington, died in a local hospital early Tuesday morning following a long illness. She had been a resident of Burlington for many years.

Funeral service was held at 10 a.m. Wednesday at St. Michaels Catholic Church in Burlington, the Rev. Leonard Leddy officiating. Burial was in the church cemetery.

Rosary was recited Tuesday at 8 p.m. in the chapel of Green Funeral Home.

Surviving are three sons, W. C. Hagerty of Cameron, Harry Hagerty of Burlington, Henry Lee Hagerty of Richmond; four daughters, Mrs. Kathleen Hammond of Burlington, Mrs. Hazel Connell of Pasadena, Mrs. Hilda Mae Grawland Mrs. Margie Snow, both of Houston; two sisters, Mrs. Hattie Goolsby of Houston, Mrs. Mae Williams of San Angelo; one brother, Mack Brown of San Angelo; eight grandchildren; 11 great grandchildren; and one great-great grandchild.

Mitchell

Tom Mitchell, 63, of Gause died Sunday in a Temple hospital after a long illness.

Funeral was at 2 p.m. Tuesday at the Full Gospel Church of Gause, the Rev. Billy Sparks officiating. Burial was in the Gause Cemetery.

A lifelong resident of Gause, he was a member of the Full Gospel Church.

Surviving are his wife; three sons, Tommy R. Mitchell of Freeport and Paul Mitchell of Freeport and Joe Mitchell both of Hearne; five brothers, Jim Mitchell of Fort Worth, Johnny Mitchell of Gause, Dan Mitchell of Huntsville, Jesse Mitchell of Bryan and Henry Mitchell of Orange; five sisters, Mrs. Rosa Brannen of Gause, Mrs. Ida Barrett of Caldwell, Mrs. Emma Lankford of Channelview, Mrs. Lillie Silvey of Milano and Mrs. Ellouise Smith of Hicks; and five grandchildren.

CARDBOARD SHELF

Create furniture from materials normally discarded. Glue several layers of heavy cardboard together to make shelves -- and use upended tin cans or newspaper rolls for supports. Cover with fabric scraps, plastic or paper, suggests Anna Marie Gottschalk.

Card of Thanks

We would like to take this opportunity to thank those who sent flowers, food cards, attended masses, our friends and neighbors, nurses and sisters of St. Edward Hospital, Dr. S. H. Richardson, St. Monica's Ladies Society, Father Geiser, Father Benish, Marek-Burns-Laywell Funeral Home and especially Mr. and Mrs. Rudolph Tepera Jr. for their kindness shown in our recent bereavement.

The family of
Rudolph Hertenberger

Card Of Thanks

We wish to express our deep appreciation to all who sent food, flowers, and cards during the illness and loss of our mother, wife, and grandmother.

A special thanks to Dr. Halbert, Dr. Vardiman, and the nursing staff at the Heritage House and the hospital in Rosebud. Also to Marek-Burns-Laywell Funeral Home, Rev. Adrian Coleman and Rev. Ernest Helsley. A most sincere thanks to each of the special nurses.

The family of
Mrs. Erskine McDermott

We wish to express our heart felt appreciation to all our friends and neighbors who sent cards, food, flowers, and for your prayers. A special thanks to the Doctors and nurses in Cameron and Scott and White Hospital and to Brother and Mrs. Lafferty at the time of our great loss. Your sympathetic understanding and words of sympathy will always be remembered with deep appreciation. God bless each of you.

Mrs. Roy Barmore
and family

A Gift of Food

Giving is one of the joys of Christmas. Here are a few gift suggestions for those who love good food and cooking.

Select all the necessary ingredients for a favorite yuletide punch and combine them with the recipe and a pretty punch bowl for your favorite hostess.

Choose a variety of small containers of special teas or make your own special spice tea blend to go along with that pretty teapot. Make your own jams and jellies, put them in interesting containers, and fill a basket or box of a variety of flavors or colors - red cherry jelly and green mint, orange marmalade and grape jam.

Give a copy of your favorite cookbook, plus the ingredients necessary for one of your favorites from it.

Fill a basket with a variety of canned gourmet foods - antipasto, fancy soups, smoked oysters, or other tidbits - for a friend with a taste for the unusual.

Assemble a snack pack of cheeses, crackers and meats on a fancy tray or cutting board to open immediately and enjoy. Give one of our gift certificates which can be used for those last minute holiday treats or to pep up after-the-holiday menus.

Use one of the pretty new Fleming coffee cans to hold an assortment of your homemade candies or cookies. These cans, in gay solid colors, are festive enough to require no wrapping. Just fill the can, seal with the plastic lid, and add a pretty bow.
